

Al-Fazal Group of Companies

Engineering / Contractor / Manufacturer/Supply Chain

“Commitment is our core competence”

“Our people are our assets”

“We believe in Excellence”

“Customer Satisfaction”

REGISTRATIONS

Al-Fazal Hi-Tech Engineering Group of companies

a) NTN	2152550-1
b) Sale Tax No:	03-01-9026-001-55
c) LCCI Membership No:	84489-A
d) Company Status:	Sole Proprietorship

Al-Fazal Hi-Tech Engineering is registered with the social security institute and EOBI as per applicable labor laws.

Al-Fazal Hi-Tech Engineering

Group of companies

Company Name: Al-Fazal Hi-Tech Engineering

Province /Country: Punjab – Pakistan

Address: 1-D, Nawab Town, Mian Center, 1.5 km, Raiwind
Road, Lahore.

Products / Services:

Authorized Agencies holder of EOT overhead cranes, Wear House Equipment, Fabrication, Steel Structure, Pipe Lines, Storage Tanks, Cargo Lift and Maintenance Skilled and unskilled Manpower supply, goods and services.

Labor contract is our Core competency.

Business Type: Manufacturer and Contractors

Geographic Markets: Nation Wide

No. of Employees: More than 100 Employees

Year Established: Since 1993

VISION

“Customer Satisfaction, our Priority”

We are dedicated to exceeding our customer requirements.

MISSION

We are committed to serve our customer with consistent reliability, satisfaction, Quality with sense of integrity

CORE COMPETENCIES

- Professional integrity.
- Customer Satisfaction.
- Team work with reliability & responsibility.
- Most Competitive rates (Not at the cost of quality)
- Honor Commitment

ABOUT US

Al-Fazal Hi-Tech Engineering

Group of companies

Al-Fazal Hi-Tech Engineering was established in 1993, since its beginning we are providing wide range of services in MECHANICAL ENGINEERING.

Over 21years of diversified experience made us competitive enough in supplying and installation of Overhead Traveling Cranes including Single Girder and Double Girder, Jib Crane, Cargo Lift, Water / Oil Storage Tanks, Steel Structure, Platform and Chimney, Pipe Line, Commissioning / Testing / Refurbishment, Turn Key Basis Project, Ware House Sheds, Pre-Fabricated Sheds and all type of Fabrications, Supply of skilled/unskilled manpower.

Al-Fazal is un-doubtfully self-contained entity comprising of experienced and professionally sound personnel.

PRODUCT RANGE

Al-Fazal Hi-Tech has a long history of working experience with the leading companies of Pakistan Providing integrated services in Oil and Gas sector, Cement Plants, Paper Mills, Textile, Glass, Pharmaceutical, Automobiles and government Sectors. We have following foreign collaboration in business.

MATERIAL HANDLING EQUIPMENTS:

CRANES

- Overhead Crane.
- Gantry Crane.
- Semi Gantry Crane.
- Jib Crane.
- Truck Mounted Crane.
- Tower Crane.

1. Pipe and Pipe Fitting:

All type of pipes and pipe fittings, like SS, MS, GI, PVC pipe of every brand and PVC fitting.

2. Valves:

Gate valves, Globe Valves, Check Valves and Needle Valves etc.

3. Steam Traps:

Steam traps of TLV, Miyawaki all well reputed Brands.

4. Safety Equipment:

Fire Fighting and Industrial Safety Equipment

5. Structural Material:

Beams, Girders, Channels, Angle Irons, MS, SS Sheets

6. Hardware:

Nuts, Bolts, Studs, U Clamps, J Clamps, Screws, L-Key Bolts, Hand Tools etc.

7. Tools and Workshop:

Hand Tools, Power Tools, Cutting Tools, Threading & girding Tools.

8. Consumable Goods:

All Consumable Goods that related to Power Industries.

9. Packing for Engine:

Asbestos, Teflon, Fiber Packing, Gland Packing and Joint Sheets, Spiral Wound Gasket, R-Style, CG Style, CGI Style, RIR etc.

10. Measuring Tools:

Tapes, Calipers, Micrometers, Hydrometers, Density Meters and Gauges etc

11.Ship Handlers:

Wire Ropes, Chain Pulleys, Blocks, Pulleys, Clamps, Hoists, Trolleys, and all type of Jacks

12.Brush:

Tube Cleaning, Circular and Painting Brushes etc.

13.Welding:

Welding equipment's, Welding cables, Electrodes, Holders and Goggles.

14.Bearing:

All type of bearings.

15.Pyrometers:

Pressure Gauges and Thermometers

16.Insulating Materials:

Glass Wool, Glass Fiber Cloth, Rock Wool etc.

17.Greases:

Greases of different brands

18.Pumps and Mechanical Seals:

All kind of pumps and Mechanical seals for pumps

19.Civil Work:

Consumable supply, RCC roof material as well as other civil works related supply

20.Fabrication and Erection:

Fabrication and erection of mechanical structures

21.Painting & Coating:

All Type Of Industrial & Civil Painting & Coating.

- **All type of Electrical Motors and Electrical Accessories.**
- **All type of Sanitary and Fittings etc.**
- **All type of Electrical fittings, Cables and miscellaneous electrical accessories.**
- **Auto parts of all type of Vehicles.**

Note:

The Structure Parts of Crane are locally manufactured in our Factory; Welding of the Structure of Crane is according to AWS D1401 Code.

We also deal in hoists and Spare parts.

Hoists:

Hoists and Over Head Crane Components:

- | | |
|--|---------------------------------------|
| 1. Cheng Day Machinery Works Co.,, Ltd | TAIWAN(E.O.T Crane Manufacturer) |
| 2. XINXIANG HYCRANE CO., LTD | CHINA(E.O.T Crane Manufacturer) |
| 3. TBM | CHINA(E.O.T Crane Manufacturer) |
| 4. H-LIFT | CHINA(Lifting Equipment Manufacturer) |
| 5. Shandong Linqu Lifting Equipment | CHINA (Crane Electrical Equipment) |
| 6. GEN HOIST | KORIA(Electric & Manual Chain Hoist) |

FABRICATION:

Steel Structure:

We fabricate any kind of steel Structure in our factory according to American Welding Standards (AWS D1.1) and other codes of practice. Our Fabricated Structures are of Good Quality. We Build the Structure as per Drawing. For this we have skilled Welders and Qualify SWPS, WPQ and we have also PQR of these Welders according to AWS & ASME Codes.

Storage Tanks:

We fabricate any Size & Diameter of Storage Tank in our factory according to American Petroleum Institute Code (API 650) & American Water Works Association (ANSI/AWWA D100-96) and other code of practice.

Plant Installation:

We fabricate and erect the plant equipment & Machinery of any shape type and size according to the requirement of the client and welding standards as per drawings. We have well qualified team of engineers and technical persons for the erection lead by experienced project manager at site. We execute the quality work and also have technical approach to solve the site problems. In fabrication we have Design team that make the cutting plans and reduce the material wastage in the fabrication and erecting by this method the time span for the whole job is also reduced by us at various works. Our teams always follow safety standards and policies at the site work and during fabrication and erection. Our Welding teams are fully equipped and aware of welding standards according to Drawing or by any standard like AWS & BSI Standards or any other standard provided by client.

Pipeline:

We fabricate and erection the pipeline of all sizes and diameter according to the requirement of the client and as per required standards of welding and prevailing practices.

MANPOWER SERVICES

Manpower supply & Labor Contract are our core competency and we are vigilant while engaging/recruitment of manpower based on their qualification, hands on experience, professional skills and personal abilities ability.

1. Fabrication Supervisor

- a. Fabricator
- b. Fitter (A Class)
- c. Fitter (B Class)
- d. Helper

2. Welding Supervisor

- a. Welder X-Ray qualified.....Tig / Stick
- b. Welder Non X-Ray qualified..... Tig / Stick
- c. Tack Welder qualified.....Tig / Stick
- d. Helper

3. Electrical Supervisor

- a. Electrician (A Class)
- b. Electrician (B Class)
- c. Helper

4. Maintenance Supervisor

- a. General Fitter (A Class)
- b. General Fitter (B Class)
- c. Helper

5. Machining Shop Supervisor

- a. LathMachine Operator
- b. Shaper Machine Operator
- c. Bench Fitter
- d. Helper

6. Rigging Supervisor

- a. Rigger
- b. Scaf Folder
- c. Helper

7. Painting Supervisor

- a. Painter
- b. Sand Blaster
- c. Polish Man
- d. Buff Man
- e. Helper

MAJOR ACTIVITIES OF OPERATION

- Project management
- Project designing
- Production development
- Production planning
- Fabrication/ Erection
- Plant and machinery installation
- Commissioning
- Manufacturing
- Design and engineering
- Supply of Manpower and human resources
- Material procurement (Goods and Services)
- Steel structure fabrication and erection
- Storage tanks
- Ducting and insulation
- Safety Equipment
- Overhead Crane Installation
- All type Material Supplier (MS/GI/SS/ETC)

GROUP OF COMPANIES CLIENTS LIST

- **PACKAGES LTD.**
- **BULAHAY SHAH PAPER AND BOARD MILL**
- **HONDA ATLAS POWER SHEIKHPURA LTD**
- **SAPPHIRE FIBRES LTD.**
- **MANGLA DAM RAISING PROJECT**
- **STYLE TEXTILE (PVT) LTD.**
- **FAROOQI PULP MILL**
- **BROTHER SUGAR MILL**
- **QADIRI STEEL MILL**
- **MUGHAL STEEL MILL**
- **ORIENT STEEL MILL**
- **SAYED BHAIPvt Ltd**
- **CATERPILLAR**
- **BOE**

- **THERMAL POWER STATION (T.P.S) MUZAFFAR GARH.**
- **MUZAFFAR GARH THERMAL POWER STATION**
- **ENGRO CHEMICALS KARACHI**
- **CNCEC16(CHINA NATIONAL CHEMICAL ENGINEERING CONSTRUCTION COMPANY (PARCO)**

- **CCCC (CHINA NATIONAL ELECTRIC WIRE AND CABLE TAUNSA PROJECT).**
- **KUIMOTO (TAUNSA PROJECT)**
- **TAISEI CORPORATION (TAUNSA PROJECT)**
- **LUMEN ENERGIA (PVT) LIMITED**
- **CGGC-CMEC (NEELAM JEHLUM PROJECT)**

MACHINERY / EQUIPMENT / PLANT

1) Welding

- a. Welding Machine (Rectifier)
- b. Argon/TIG Welding Set

2) Gas Cutting And Heating

- a. Gas cutting set
- b. Auto gas cutting set
- c. Plasma cutting set

3) Bending

- a. Rolling machine
- b. Tube bending dies in various size

Angle grinder and cutter

- a. Sheet cutter
- b. Power cutter

4) Erection/Installation equipment

- a. Chain blocks
- b. Hydraulic jacks
- c. Steel Wire rope
- d. Scaf folding pipe with joints

Note: Tools and plants can be increased at any time according to the requirement of project.

Our Management Team

- | | |
|-----------------------------------|--|
| 1. Muhammad Hanif | Chief Executive |
| 2. Muhammad AttiqueShahzad | Technical Director |
| 3. Muhammad Imran Hanif | Project Director |
| 4. Muhammad Sajid | Manager Imports |
| 5. Engr. Liaquat | G.M Electronic & Electrical |
| 6. Engr. Ahmed Saeed | Manager Marketing |
| 7. Engr.Jamil | Deputy Manager Marketing |
| 8. Muhammad Gulfam | H.R Manager |
